WHY CYNERGY DATA PAYMENT PROCESSING REDEFINED

Cynergy Data is a merchant services provider with 14 years of payment processing expertise. With a portfolio of nearly 85,000 merchants processing in excess of \$10 billion annually, Cynergy Data aims to simplify everyday management for all types and sizes of businesses.

Your members can count on Cynergy Data's advanced technology, friendly customer support and affordable service packages. And you can trust that your clients will get the personal attention they deserve.

SAY HELLO

TO GETTING YOUR FAIR SHARE

When you partner with Cynergy Data, you'll never have to wonder whether you're truly getting your fair share of revenue. In fact, we'll make sure you get more than your fair share—it'll be our way of proving we value your partnership.

UPFRONT PAYMENTS: when your members start a Cynergy Data merchant account, you receive your commission upfront

ONGOING REVENUE: earn commissions for as long as your members remain Cynergy Data clients

NO THIRD-PARTY HASSLES: we maintain our own back-end clearance network, reserving extra revenue for you

ZERO LIABILITY: we cover liability for members approved for Cynergy Data merchant accounts
